KUSCH+CO
by Nowy Styl

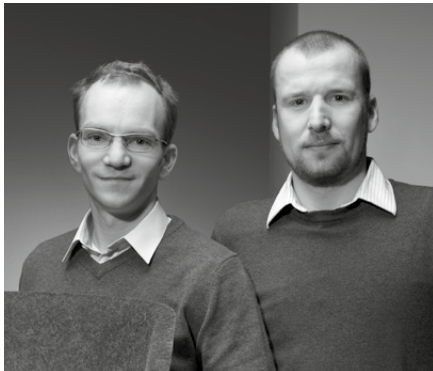

KUSCH+CO

Straight lines with gentle curves. At the first glance you can see that Njord is rather exceptional! Raw wood has been used to create an extremely slender frame. The seat shell, entirely made of anthracite thermoformed polyester felt, seduces with its organic look. Four internationally recognised design awards are convincing proof that the Njord armchair stands out above the rest!

Design by Scaffidi & Johansen

Antonio Scaffidi and Mads K. Johansen both graduated from the Danish Design School in Copenhagen. Antonio Scaffidi draws on the symbiosis between his fiery Italian temperament and Scandinavian culture, while Mads K. Johansen was primarily driven by an artistic passion for carpentry. Their creative process was characterised by flawless fluidity and clear and comprehensible visualisation of his ideas. Mads K. Johansen's life journey ended in the autumn of 2014.

Variations

Armchair

An eye-catching design with a new level of comfort. An armchair as light as a stationary chair, with a seat shell that fits perfectly to the body to provide the comfort of sitting.

Table

This table is both an elegant and functional complement to the armchairs.

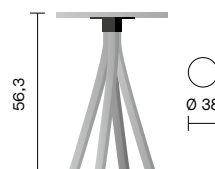

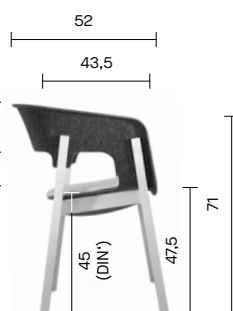

Product fulfils the FSC®(FSC-C120977) requirements.

The FSC® certificate applies to responsible forest management and the entire flow of raw materials from the forest to the customer. Each stage of the chain is monitored in terms of social, ecological and economic performance. The product with the FSC® label gives customers a guarantee that the wood used for the production of the product comes from sources managed in a sustainable manner.

Product data

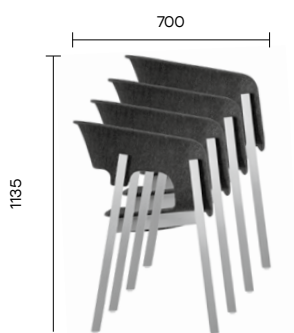

Weight: 5,5 kg

Weight: 3,4 kg

Stackability

- Up to 4 units recommended
- Height plus 11 cm per stacking armchair
- Depth plus 6 cm per stacking armchair

¹ The DIN seat height was determined acc. to DIN EN 1335-1, i.e. the seat height measured by means of a measuring device at the position of the ischial tuberosity (sitting bones) after having placed a load of 50 kg on the half width of the seat.

Dimensions in cm.

Materials, finishes

Armchair

Seat shell

- Thermoformable polyester felt
- Upholstered seat pad available with flame-retardant foam and with selected fabrics from the finishes catalogue
