

care

We help you to practice distancing!

Due to the coronavirus outbreak, it has become essential to implement physical distancing guidelines in all environments, where many people come together. Fast and uncomplicated handling is a top priority in this case.

For this reason, we'd like to offer a product-neutral solution. The banner from Kusch+Co enables you, irrespective of the brand of the existing furniture, to block individual seats with the aim of implementing the physical distancing guidelines.

ALL-PURPOSE!
PRODUCT-NEUTRAL
FAST AND FLEXIBLE!

Technical data:

- soft, extremely hard-wearing quality material
- outstanding thermal welding properties
- extremely strong yarn
- thickness surface material 410 μ
- weight 450 g/m²
- tensile strength 2400/1900 (N/5 cm)
- resistance to tear propagation 240/200 (N)
- temperature range -20 °C to +70 °C
- fire protection class B1
